### PROCESSION AGAINST TERRORISM & EMERGENCY EVACUATION DRILL

On 13<sup>th</sup> August, Jamgara School arranged a procession against terrorism, which was a short awareness program throughout the whole nation. Our school prepared festoon and banner against terrorism as per Government instruction. We made a rally in front of the school holding the festoon

from 10:00 am to 10:30 am. After the program, we arranged a drill for emergency evacuation. After getting the emergency siren, all the 130 students of high school came out from their class rooms and assembled in the field in line. Then they went out from the school campus through the emergency exit door. At the end, all the staffs also came out from the school. Total evacuation took 190 seconds.

### **CLASS TEST**

From 22 to 31 August, students of Jamgora School sat for their first class test of final term. Total 235 students appeared in the exam successfully. Students of class five and eight are also getting ready for their PSC and JSC examination (government exam) which will be held on November. Their model test will start from next month. So, students are very busy with studies.

## **Success Story**

### **Motallib is now self-dependent**

Abdul Motallib came from Rajshahi to Jamgora on 2004. His father is a village doctor and mother is house wife. From his childhood, he was interested and willing to learn computer, but he did not get any opportunity to learn computer from any good training center. In 2013, he completed the

Secondary School Certificate examination and then he decided to learn computer. He came to know about HOPE computer training center from his friend.

At first, he has learnt Computer Basic Course, then Computer Hardware Course, Graphics Design Course, Web Development Course and Out Sourcing Course successfully.

By getting all these training, he has learnt computer very well. Now he is confident to do anything with computer. At firsts he served in HOPE training center as a volunteer trainer for Computer center. Then he got a job in a high school as a computer teacher. Then he joined in a outsourcing firm as a graphics designer. He earns 14000 Taka (USD 179.5) in a month.

He could fulfill his dream by getting training from HOPE training center. Now he is confident and self-dependent.
