Case Story of Rabbi Islam Rafin

Rabbi Islam Rafin is a student of class Two in Soham for All School of HOPE. He is the son of Rana Hossain and Aleya Begum. He is nine years old. Rafin has one brother Fahim and one sister Fahima. Rafin lives with his grandfather, grandmother, brother, sister and aunty at Chapayin, Savar. His father and mother left them and married another woman and man. His grandparents struggle a lot to maintain family. His grandfather is a van puller and grandmother is a housewife. Their total income is 10,000 Taka (USD 128) per month only. His grandparents want to give him proper education, but they couldn't. When they heard about this school, they immediately took the opportunity and come to admit him in the school. Rafin comes to school every day and is very attentive in his studies. He is always very active and gentle in the class. Rafin wants to be an engineer. His family is very thankful to HOPE since they have been provided opportunity for education. They hope that this organization will be beside them in future too.
